**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

**The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:**

**A person shall be entitled to a patent unless –**

**(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.**

**Claim 35 is rejected under 35 U.S.C. 102(b) as being anticipated by Kniewasser (WO 99/24101).**

Kniewasser discloses a breathing channel (at 35) and an exhaust channel (At B) extending from a junction there between; and a gas inlet channel (at A) arranged so as in use to introduce gas into the breathing channel (at 35) such that in use a positive pressure may be maintained in the breathing channel, wherein an axis of the gas inlet channel is directed towards an inner edge of the junction between the breathing channel and exhaust channel (inasmuch as applicant has defined what constitutes the junction nor the inner edge, the examiner is reading the junction to be at the opening where the exhaust channel (arrows B show exhaust flow, therefore the exhaust channel is from where gas exhaust out of chamber (10)) enters chamber (10) therefore the gas inlet (at A) does direct gas towards an inner edge of the junction (as the junction is where the exhaust channel enters chamber (10) between the breathing (at 35) and exhaust channel.

***Allowable Subject Matter***

Claims 1, 18-30, 32-34, and 36-38 are allowable over the prior art of record.

***Response to Arguments***

Applicant's arguments filed 10/30/06 have been fully considered but they are not persuasive. Note rejection above with respect to claim 35 and the arguments.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

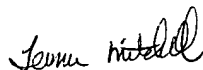

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed; and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
